---

On behalf of the City of Plainwell, its Brownfield Redevelopment Authority as well as the several other partners involved in making a professional documentary about the Plainwell Paper Mill redevelopment, thank you for the opportunity to submit this grant application to the Society for Industrial Archeology.

I am attaching our grant application which also includes two letters of support. While a co-sponsor for this project and in support of this grant and documentary project, I could not reach Wayne Bauman of CRA to update the letter of support to change it from the National Trust for Historic Preservation to the SIA.

Thank you and please let me know if you have any questions,
