Hello Don:

FYI – I just received a pledge of \$1000 from John Goodfellow (a good friend and an SIA member as well) for our Hilltown glassworks project. Thus we need to request only \$2000.

Sincerely,
Dave Long

Dear David B. Long

The Society for Industrial Archeology has received your grant application (except for the cover letter..the fields were all blank when I loaded it)

Recently the fax machine and number we used was removed (it was not being used much anymore) and so we no longer have a fax. I will be removing that reference in our grant application info.

The best way to send the signed cover sheet would be to scan it and save as a pdf and send that . It that is not possible, please send via an overnight service to my address below

Sincerely
Don
